The Fast Trotting Stallion

VENTURE

RECORD, 2,274.

Having purchased this celebrated Stallion from MR. JAMES CAMPBELL, I  
hereby notify the public that he will stand the present season at my headquarters,  
corner of Punchbowl and Queen Streets (Captain Cluney's). Terms for the season,  
\$50; to insure, \$100.

#### Description.

Venture is a rich chestnut color, 16 hands high, and weighs about 1,100 lbs.  
In structure he is the picture of great muscular power, and in appearance, temper-  
ament and disposition, he is faultless. Full of fire and gentleness, he is with-  
out speck or blemish. As a stock horse he is having extraordinary success; his  
numerous progeny, both in California and in this country, attest this fact, several  
of them being able to trot low down, and one of his daughters (Venus) can trot  
in 2:25. Venus is also the dam of Transit, which is said to be the most promising  
two-year-old in California. He trotted a mile last season, as a yearling, in 2:45.

#### Pedigree.

Venture, chestnut horse, foaled in 1863, bred by Henry Williamson, Esq.,  
Oakland, California; by Belmont, he by American boy, he by Seagull, he by Im-  
ported Expedition.

1st dam, Miss Mostyn, by American Boy, Jr.  
2nd dam, by Kemmer's Gray Medley.  
3rd dam, Imported Lady Mostyn, by Teniers.  
4th dam, Invalid, by Whiskey.  
5th dam, Helen, by Hambletonian.  
6th dam, Susan, by Overton.  
7th dam, Drowsy, by Drone.  
8th dam, by Old England.  
9th dam, by Cullen Arabian.  
10th dam, Miss Gade, by Gade.  
11th dam, Miss Maceless, son of Greyhound.  
12th dam, by American Boy.  
13th dam, Imported Prunella, by Comus.

In offering the services of this horse to the public I make one claim for him,  
which is that he is the highest bred trotting stallion in the world, living or dead,  
and in support of this claim I am willing to submit it to any authority that can be  
obtained, and if he is not, then I will forfeit all my claims to horse knowledge. It  
will be seen that his pedigree represents a union of the purest blood of the English  
and American thoroughbred racer, one of his grand dams, as also one of his great  
grand dams, being imported from England to the United States. When Venture  
was on the turf, about eight years ago, he was at that time the sensational horse of  
the Pacific Coast, and the sporting papers in the East, that were always so much  
opposed to running blood in the trotter, commenced picking away at his pedigree,  
trying to find a cold eye in it, at the same time declaring that it was simply im-  
possible for a strictly thoroughbred horse to trot as fast as he was then trotting;  
but at last they had to give it up, and admitted the fact that he was a strictly  
thoroughbred horse, but declared him a phenomenon, and were unable to account  
for his great speed at the trotting gait. But the fame of his sire, old Belmont, is  
almost world-wide, and it is a well-known fact his blood nicked better with the  
trotting families than that of any other thoroughbred horse ever known, as, in  
addition to Venture, two other thoroughbred sons of his, Capt. Webster and Owen  
Dale, were said to have possessed great speed at the trot. Besides these, he sired  
the dams of Belle Echo, 2:20; Flora Shepherd, 2:30; Monarch, 2:28; Nelly  
Patchen, 2:27 1/2; Rustic, 2:30; which is a showing that a great many of the best  
trotting bred horses cannot equal. Mr. Patrick Farrell, who is one of the most  
experienced drivers on the Pacific Coast, told me the last time that I saw him, that  
Venture was the fastest trotting horse he ever pulled a line over, and that if his  
temper had not been soured in his youth by bad handling, he believed that he  
would have equaled, if not surpassed, all the records ever made, and that he could  
show a two-minute gait with him to a wagon, but in company he would become  
wild, on account of his hot blood, and was often beaten by horses that could hardly  
run as fast as he could trot. His record of 2:27 1/2, which was no measure of his  
speed, was made at the Oakland track in 1877, in a race which he won, beating  
Alexander, Gus, General Reno and Billy Hayward, this being his last public  
performance.

It is thought by some people that an aged horse is not as good a producer as a  
young one, but no greater mistake could possibly be made. Indeed, the opposite  
is claimed by many large breeders, and instances are so numerous of horses siring  
their best foals at an advanced age that the above theory has long ago been ex-  
ploded. Imported Diamond was twenty-seven years old when he sired Sir Archy,  
his best son; Bonnie Scotland, who died only a few years ago, sired Luke Black-  
burn and George Kinney, by far the best of his get, after he was twenty-five; Im-  
ported Leamington sired Troquois, his best son, the last year that he lived, at  
twenty-five. Among trotters may be mentioned Volunteer, the sire of St. Julien,  
who is thirty-one years old this spring, and is said to be as lively and vigorous as  
he ever was, and his young foals as promising as any that he ever got. Old Ham-  
iltonian died in March, 1876, aged twenty-seven years, but sired two foals the  
last days of his life, and one of them, called Hamiltonian's last, made a trotting  
record of 2:25 1/2 the past season, and the other one is said to be equally as fast.

With these facts before us, it is plain that the age of a horse has nothing to do  
with his success as a sire. I think myself that there is a great deal in the condi-  
tion that a horse is kept, for an animal that is well-fed and cared for, with plenty  
of exercise, will breed better foals than one that is turned loose and never stabled  
or fed grain.

Venture is twenty-two years old this spring, and with the care that I intend  
to give him, I expect him to sire better foals than he ever has before. He is a  
remarkably sure breeder. Mr. Campbell assures me that he has never bred a  
mare to him yet that did not produce a foal, and his many beautiful colts, now on  
Mr. C.'s ranch, are worth a long journey to see; and now as he is to be kept so  
convenient to the general public, no one owning a good mare should be so blind to  
their own interest as to neglect the opportunity of obtaining his blood while they  
have the chance.

For any additional particulars apply at Punchbowl and Queen streets.
